I received another letter saying the claim was denied due to conviction. However, we are in the process of preparing a motion for a new trial based on some issues with the case. I feel there is a good chance that could receive a new trial and if for some reason we are not granted a new trial we will begin the appeal process. It would be my intention to appeal your decision and ask that you reserve your final decision pending the outcome of the new trial or conviction.

Please let me know if this is possible.

Thank you,
